PRESCRIPTION

Proper specification of paints and coatings products ensures your projects deliver long-lasting beauty and protection both inside and outside the building envelope. JUNO PAINTS™ provides a variety of resources to Architects and Specifiers to save time and deliver visible results.

We will help you create your ideal specification using our knowledge to match your project requirements, and in keeping with local or national VOC regulations, qualifying for LEED® credits, or consciously attempting to minimize the overall environmental footprint of your building.

Contact our commercial team and consultants for information and help on how to get your project specified.

Our Prescription Service

Color Tools

JUNO has a variety of colour tools at your disposal, from easy to use fan decks and colour charts for different products; all for the easy selection of the right colour on the right project.

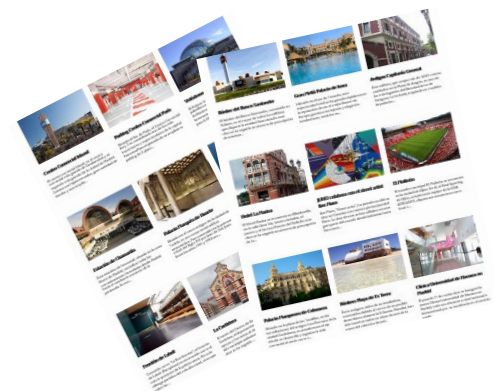

Product Data Sheets

Easy to find and download technical data and material safety sheets.

Case Studies

Our products have been used in a variety of applications from state of the art office buildings to world renowned stadiums. Let our ever growing portfolio help inspire your next project.
